

HAND CARE

New invisible shielding lotion offers a minimum of four hours protection

dermatologist for over 22 years, I have found this to be the most revolutionary product for softening rough hands that I have seen."

Artificial lotions only attempt to replace natural oils with artificial moisture, but they come off every time you wash your hands. One application of Gloves in a Bottle does not wash off and lasts for at least four hours and comes off naturally with exfoliated skin cells. Gloves in a Bottle rapidly absorbs into and bonds with the outer layer of skin providing a protective 'shielding lotion'.

Tel: 0800 389 4710

Already well established in hospitals and pharmacies throughout America, new **Gloves in a Bottle** is a non-greasy, non-sticky, hypoallergenic and completely safe shielding lotion. It is an ideal skin safeguard for medical applications that include all hospital duties. Since it works with the body's own defences, it also addresses common dermatological health problems. Dr Rozalia Koveman board certified dermatologist, California states: "As a practicing

Invisible hand protection

Now available in the UK, new 'Gloves in a Bottle' is a non greasy, non-sticky, hypoallergenic and completely safe hand protection that is an ideal skin safeguard for all medical, nursing and hospital duties.

One application does not wash off and lasts for at least four hours preventing dirt and grime from penetrating the skin.

These 'Invisible Gloves' keep moisture-robbing irritants out while helping to retain

the skin's natural oils. It is available in a handy 60ml pocket or handbag size, 240ml economical bottle or large sized container for wall-mounted dispensing units.

For more information call 0800 389 4710 or visit www.giab.co.uk.

Giveaway

Pick of the week

GLOVES IN A BOTTLE

Supplier: Garden centres, DIY stores and chemists. For further information and details of stockists @ (0800) 389 4710 or order via www.giab.co.uk

Price: £9.99 for 240ml bottle/£4.99 for 60ml pocket size

Features: A new skin-shielding lotion that's already well established in the US. The makers say this is a non-greasy, non-sticky, hypoallergenic formulation that bonds with the outer layer of skin to work like an invisible pair of gloves,

protecting against all sorts of damaging preparations including gardening chemicals, dirt and grease.

It doesn't wash off and maintains the existing oils and moisture in the skin and lasts (according to research) for 4-5 hours, only coming off with naturally exfoliated skin cells. Gloves In A Bottle is claimed to be a safe, efficient protection against eczema and dry, flaky and cracked skin. Also effective on elbows, feet or wherever skin needs to be protected.
